**Ofsted, 2022**

### Community

Our primary concern in all things is for the well-being of young people. Excellent Post 16 results come as a result of positive learning experiences and students being given the opportunity to grow and develop academically, morally and personally in the Sixth Form.

Our students are given opportunities to work with the lower school and to be part of the whole school community.

We see academic achievement as a by-product of personal and spiritual growth, intellectual challenge and excellent educational experience.

### High Aspiration

We believe in young people and the positive impact they have on our society.

We support our students in achieving the very best, whether this is Medicine, Oxbridge or any other ambition.

We received recognition of our ability to help students achieve their goals in The Sunday Times Best School Guide who named us the 'Top performing state school in Suffolk' in 2021.

*"The Sixth Form is outstanding. Most students make exceptional progress and A Level results are consistently high"*

**Ofsted, 2016**

### Experience and Support

Our enthusiastic and dedicated team has decades of experience supporting post 16 students both in their studies and in taking their next steps and will provide support and guidance to help students achieve their very best.

### An Extraordinary Aim

**We are not just another 'ordinary' Sixth Form provider. We are a Sixth Form with an established track record of high achievement for all, borne out of the desire to develop and support extraordinary young people who will go on to make a difference.**
