

GCSE Results 2023

As a comprehensive school we take pride in the progress and success of all our students, not just the highest grades and the results this year once again show that all our students can achieve their potential regardless of starting point, background or any other factor.

GCSE Level Results Summary 2022-23	
Statistic	
Progress 8	0.45 (Estimate)
Attainment 8:	52.5
Basics Strong Pass (Eng & Maths Grade 5+)	55%
Basics Standard Pass (Eng & Maths Grade 4+)	79%
EBacc (APS)	6.7

We are incredibly proud of this cohort of 151 students and their achievements under the tragic circumstances these exams were taken. A Year 11 student at the school, Salvador Modke, died in May this year, after a collision with a car in Thetford.

This year group have shown themselves to be compassionate, kind, and resilient young people.

These results are just part of their Bennies education and whilst they are excellent results, they are part of a much bigger picture which is even more impressive.

We are especially proud of the students who joined us from Ukraine and all that they have achieved.

Phoebe Harpur-Davies celebrates her achievement of 12 grade 9s, one of only 125 students in the country to achieve 11 or more grade 9s. This is the second time a student from Bennies has achieved this, as last year we had Adam John who also received 12 grade 9s.
